

# GOHN HALL

## EMERGENCY PROCEDURES

### FIRE PROCEDURES

In the event of a fire or similar emergency, all occupants of Gohn Hall should:

- Evacuate immediately using marked exits; last persons out close all doors;
- Assemble on the green space at the corner of West Main and Franklin (west of Gohn Hall and adjacent to the south parking lot of Lybyer). Stay away from all streets and parking lots as they will be used by emergency equipment and personnel.
- Await further instructions from building coordinators or emergency management personnel.

### TORNADO PROCEDURES

In the event of a tornado warning, all occupants of Gohn Hall should take shelter in any of the following locations:

**Student Recreation Center/Community Shelter:** Located at 323 West Trish Knight Street. Evacuate the building using marked exits. Proceed north on Missouri Avenue and then east on West Trish Knight Street to the shelter.

**Secondary Shelter:** Hallway and workroom in the office area on the first floor, taking caution to stay away from all windows.

### EARTHQUAKE PROCEDURES

Drop, cover, and hold on! Move only a few steps to a nearby safe place (e.g., under a sturdy table or desk). Most injured persons in earthquakes move more than five feet during the shaking. It is very dangerous to try to leave a building during an earthquake because objects can fall on you. Many fatalities occur when people run outside of buildings, only to be injured by falling debris from collapsing walls. In U.S. buildings, you are safer to stay where you are. After the shaking has stopped, if you go outside, move quickly away from the building to prevent injury from falling debris.

### CAMPUS ASSISTANCE

Call 257-9078 for escort services between classrooms and parking lots, for assistance with vehicle trouble, or similar needs.

**EMERGENCY POLICE, FIRE, MEDICAL, ETC. - CALL 911**
