If you would like to take advantage of this opportunity, here is the information you will need to arrange for your copies to be returned and exchanged for corrected copies. Check the title verso page and verify that the copy is not a 2nd printing. A corrected 2nd printing was published in August 2009. If you have a 1st printing, call 1-800-374-2721 by December 15, let them know where you purchased your copy and approximate purchase date. They will request an address to ship replacements and email you a UPS label for return of your copies. New copies should arrive within 7-10 day from receipt of old ones. All copies must be exchanged at once. Please share this with anyone that may have purchased a 1st printing of the manual.
