

2013 September IDS Department Meeting Notes - WP - West Plains Faculty Senate team

Unknown User (su3)

HI all. Please look over the attachment – it contains information for both the intersession and 16-week IDS 110 instructors. I am still working with Donna Bird to get all the rooms scheduled for the Friday intersession courses.

There are items in the attachment that are definitely open for discussion – please feel free to share your input via e-mail!

Please pay special attention to the proposed Academic Fair scheduled for October 23 through 25. I hope to talk more about this at Friday's Faculty Senate. There is a Career/Job Fair coming up on Thursday Sept. 26. I feel all IDS 110 students should make an effort to attend (for about 30 minutes) on one of these 4 days. I have more suggestions in the attachment.

By the way, please be sure to submit your discrepancy reports! And 16 week instructors, don't forget to schedule your library visit and to contact Donna Bassham (255-7242) to arrange for a 20 minute or so visit about Financial Literacy – there was time built into the course schedule for this around early November; however, you can schedule this visit for whenever you wish. By the way, the campus has received a grant that allows Mrs. Bassham to share information about Financial Literacy with our IDS 110 students.

Hope all is going well – thanks so much for helping with this course!

Jerry Trick
